MEDIA HUB
FULLY INTEGRATED
CONNECTION

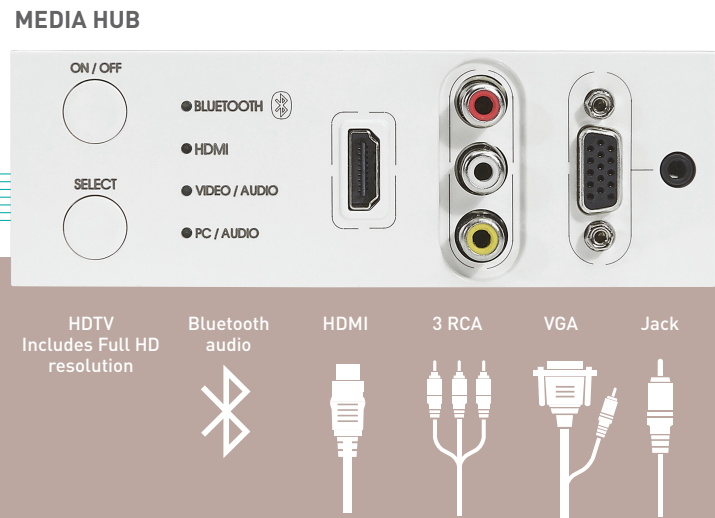

AUDIO/VIDEO SYSTEM FOR HOTEL ROOMS

THE GLOBAL SPECIALIST IN ELECTRICAL
AND DIGITAL BUILDING INFRASTRUCTURES

MEDIA HUB, HANDY CONNECTION...

The ideal solution
for today's guests
who require
increasing
connectivity

The Media Hub provides connectivity in a single, compact unit, for the maximum convenience of your guests.
They can connect their electronic devices to make full use of all their multimedia content (music, films, photos, etc.). Increase the attractiveness of your hotel by providing these new types of function.

Connections

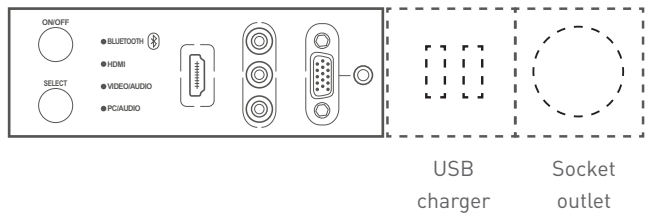

Takes all wired connectors on the market (HDMI, RCA, VGA and 3.5 mm Jack).
Supports all video resolutions, including Full HD.
Integrated Bluetooth for tablets and smartphones.
Music can be played through the TV's loudspeakers.
Windows, Android and OS X compatible.

Simple configuration

Automatic on/off switching via HDMI-CEC for any CEC enabled TV.
Easy installation
A single HDMI cord (10 m max.) for connection between the TV and the Media Hub..
Integrated transformer
Power supply: 110-220 V.

Handy functions

Unit size: 6 modules.
A USB charger and/or a socket outlet can be combined with the hub.
